

GCP Certification FY-25

Plan and Distribution

GCP Certifications

Foundation

Validates broad knowledge of cloud concepts and the products, services, tools, features, benefits, and use cases of Google Cloud.

[Cloud Digital Leader](#)

Associate

Validates fundamental skills to deploy and maintain cloud projects.

[Cloud Engineer](#)

[Google Workspace Administrator](#)

[Data Practitioner](#)

Professional

Validates key technical job functions and advanced skills in design, implementation and management of Google Cloud products. This includes specialized certifications.

[Cloud Architect](#)

[Cloud Database Engineer](#)

[Cloud Developer](#)

[Data Engineer](#)

[Cloud DevOps Engineer](#)

[Cloud Security Engineer](#)

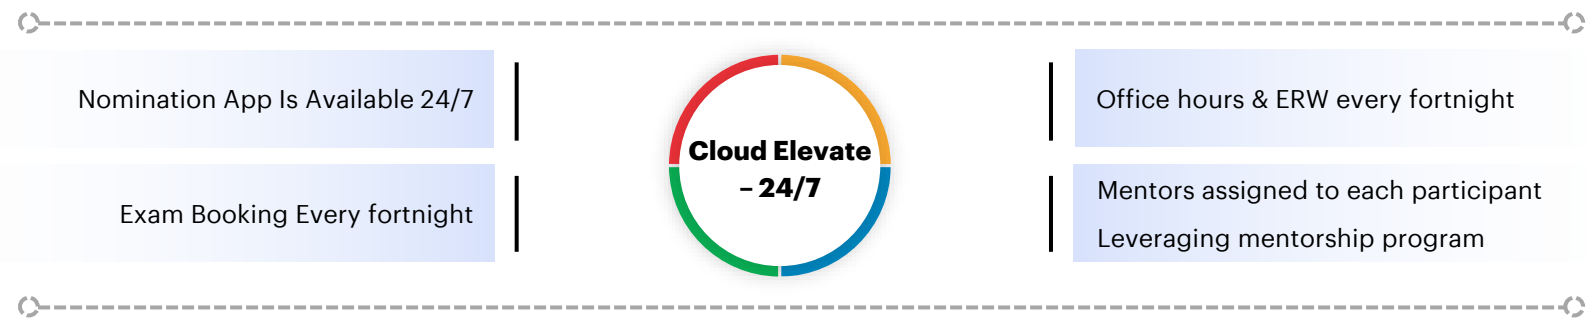

[Cloud Network Engineer](#)

[Machine Learning Engineer](#)

<https://cloud.google.com/learn/certification?hl=en>

Execution Plan

Foundation (CDL) & Associate Certifications (ACE, ADP)

Professional Certifications

[Cloud Elevate Registration Link](#)

Avenues

Communication Avenues:

- Viva Engage
- Market POCs
- Mentor's Network

Learning Avenues:

- Partner Cloud SkillBoost (<https://partner.cloudskillsboost.google/paths>)
- VILT sessions ([L&TT Learning Calendar](#))
- RSVP from Google ([Partner Certification Academy](#))
- Percipio ([GCP Certification Courses](#))

Mentorship Program:

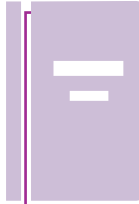

- Mentor and Empower the Next Generation of GCP CDL and ACE Aspirants
- Who Can Become a Mentor?
 - Anyone certified with GCP ACE/CDL in the past 6 months
- [GCP Catalyst \(Mentorship Nomination\) App](#)
- Rewards when mentees (min expected) get certified

GCP Certification: Important Links

Certification Nomination App:

- [Cloud Elevate GCP FY25 Nomination](#)
- Always open for CDL, ACE and ADP.
- Available between 1-7 of every month for professional certs

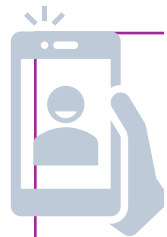

Learning Path (Vark App):

- [GCP learning App](#)
- Provides main and alternate learning paths for all certifications

Exam Practice App:

- To Be Made Available Soon

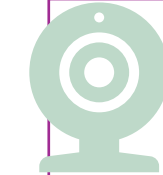

Exam Booking App:

- [GCP Exam Booking App](#)
- Open between 1-7 and 16-21 of every month for exam booking

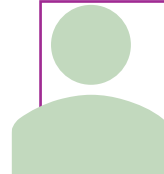

Cloud Elevate Experience App:

- [Cloud Elevate XPerience App](#)
- Use it for raising any query and upload the certification outcome

Webassessor (Exam Portal):

- <https://cp.certmetrics.com/google/en/login>
- <https://webassessor.com/googlecloud>

DRI Profile:

- <https://delivery-readiness-portal.cloud.google/app/login>
- Must create profile here to get all GCP recognition and benefits

FAQ Part-1

- Q: When can I register for the certification?
 A: You can register for CDL, ACE and ADP certification on any day, app is available 24/7.
 For professional certification, app is available between 1 to 7 of every month
- Q: Do I need approval from supervisor or DU lead?
 A: No, you do not need any approval
- Q: What if the certification name is not there in the list?
 A: Please reach out to corresponding certification POC in that case, we will enable the learning path.
- Q: I am not allowed to register for GCP, what can I do?
 A: In case you are already on the Cloud Elevate program, you have to complete your certification first or cancel from the existing one and then register for the new certification.
- Q: Is there a fixed learning path team members should complete?
 A: We will provide the most preferred learning path, whereas they can learn from any available resources
- Q: Who will provide me learning material?
 A: Cloud elevate team will provide all required material and every information with participants when they join any of the certification program
- Q: When can I book the exam?
 A: Exam booking app will be available every fortnight which they can use to book the exam.
 App will be open between 1st to 7th and 16th to 21st of every month.
- Q: How many exam attempts I will get?
 A: You will get 2 attempts. You will have to upload outcome of the first attempt to be eligible for 2nd attempt

FAQ Part-2

- Q: Are there any learning interventions available for me?

A: Yes, we have SME connect sessions and Exam readiness workshops available. You will receive meeting invite as per the certification track you choose. CDL, ACE, ADP: 1 SME connect and 1 ERW every fortnight (Every Thursday)
Professional: 2-3 SME connects and 1 ERW every month
- Q: What if I am unable to attend these sessions

A: These sessions are not mandatory to attend. In case you missed the one, you can join it in next cycle. You will keep on getting invite until you are part of the program.
- Q: Is there any pre-requisite to book the certification exam

A: No, there won't be any pre-requisite to book GCP certification exam. Participants can book exam once they feel competent enough to take up exam. Please consider 8 to 10 days of lead time for exam to get booked.
- Q: Are there any practice questions and will it be helpful?

A: Yes, we will provide the practice questions and answers, and it will help you to understand the exam better
- Q: Will I get any help from Cloud Elevate team if I am stuck anywhere?

A: Yes, CE team is available for any help and support needed during the program timelines
- Q: What proficiency I will get after completing certification?

A: Foundation: P2, Associate: P3 and Professional: P4 (currently under review)
- Q: Are there any rewards after completing certifications?

A: Google provide swags after completing every professional certification. We keep on announcing various rewards from time to time for various certifications. It's based on available budget at that time. Everyone received some reward who completed certification between May to Dec 2024.

GCP Certification: LnTT POCs

Sr. No	Certification	POC	Email Id
1	Cloud Digital Leader	Shakila	s.chandra.sekar@accenture.com
2	Associate Cloud Engineer	Poorva	poorva.Kulkarni@accenture.com
3	Associate Data Practitioner	Shakila	s.chandra.sekar@accenture.com
4	Professional Cloud Architect	Snigdha	snigdha.rane.bhawsar@accenture.com
5	Professional Data Engineer	Gouri	gouri.rohit.ltagi@accenture.com
6	Professional Cloud DevOps Engineer	Jyothi	jyothi.shivakumar@accenture.com
7	Professional Cloud Database Engineer	Sneha	sneha.arumugam@accenture.com
8	Professional Machine Learning Engineer	Preetham	preetham.gowda@accenture.com
9	Professional Cloud Developer	Arthi	arthi.a.ravikumar@accenture.com
10	Professional Cloud Security Engineer	Gouri	gouri.rohit.ltagi@accenture.com
11	Professional Cloud Network Engineer	Gouri	gouri.rohit.ltagi@accenture.com
12	Cloud Elevate Program Lead	Seema	seema.hemant@accenture.com
13	GCP Training and Certification Lead	Prachi	prachi.r.joshi@accenture.com
14	LnTT Data & Cloud Lead	Venkata	venkata.b.tolety@accenture.com

GCP Cloud Digital Leader

1 Knowledge Area

- Digital transformation with Google Cloud
- Exploring data transformation with Google Cloud
- Innovating with Google Cloud artificial intelligence
- Modernizing infrastructure and applications with Google Cloud
- Trust and security with Google Cloud
- Scaling with Google Cloud operations

[Cloud Digital Leader](#)

2 Learning Path

<https://partner.cloudskillsboost.google/paths/75>

3 Certification Exam

Recommended Pre-requisites: None

Length: 90 minutes

Exam format: 50-60 multiple choice and multiple select questions

Recommended experience: Experience collaborating with technical professionals

Associate Cloud Engineer

1 Knowledge Area

- Set up a cloud solution environment
- Plan and configure a cloud solution
- Deploy and implement a cloud solution
- Ensure successful operation of a cloud solution
- Configure access and security

[Associate Cloud Engineer](#)

2 Learning Path

<https://partner.cloudskillsboost.google/paths/69>

3 Certification Exam

Recommended Pre-requisites: None

Length: 2 hours

Exam format: 50-60 multiple choice and multiple select questions

Recommended experience: 6+ months hands-on experience with Google Cloud

Professional Cloud Architect

1 Knowledge Area

- Design and plan a cloud solution architecture
- Manage and provision the cloud solution infrastructure
- Design for security and compliance
- Analyze and optimize technical and business processes
- Manage implementations of cloud architecture
- Ensure solution and operations reliability

Cloud Architect

2 Learning Path

<https://partner.cloudskillsboost.google/paths/77>

3 Certification Exam

Recommended Pre-requisites: Associate Cloud Engineer

Length: 2 hours

Exam format: 50-60 multiple choice and multiple select questions

Case studies: Each exam includes 2 case studies that describe fictitious business and solution concepts. Case study questions make up 20-30% of the exam and assess your ability to apply your knowledge to a realistic business situation.

Recommended experience: 3+ years of industry experience including 1+ years designing and managing solutions using Google Cloud

Professional Data Engineer

1 Knowledge Area

- Design data processing systems
- Ingest and process the data
- Store the data
- Prepare and use data for analysis
- Maintain and automate data workloads

Data Engineer

2 Learning Path

<https://partner.cloudskillsboost.google/paths/85>

3 Certification Exam

Recommended Pre-requisites: Cloud Digital Leader

Length: 2 hours

Exam format: 50-60 multiple choice and multiple select questions

Recommended experience: 3+ years of industry experience including 1+ years designing and managing solutions using Google Cloud.

Professional Machine Learning Engineer

1 Knowledge Area

- Architect low-code AI solutions
- Collaborate within and across teams to manage data and models
- Scale prototypes into ML models
- Serve and scale models
- Automate and orchestrate ML pipelines
- Monitor AI solutions

[Machine Learning Engineer](#)

2 Learning Path

<https://partner.cloudskillsboost.google/paths/84>

3 Certification Exam

Recommended Pre-requisites: Professional Data Engineer / Cloud Digital Leader

Length: 2 hours

Exam format: 50-60 multiple choice and multiple select questions

Recommended experience: 3+ years of industry experience including 1+ years designing and managing solutions using Google Cloud.

Professional Cloud Database Engineer

1 Knowledge Area

- Design scalable and highly available cloud database solutions
- Manage a solution that can span multiple database solutions
- Migrate data solutions
- Deploy scalable and highly available databases in Google Cloud

[Database Engineer](#)

2 Learning Path

<https://partner.cloudskillsboost.google/paths/81>

3 Certification Exam

Recommended Pre-requisites: Cloud Digital Leader / Associate Cloud Engineer

Length: 2 hours

Exam format: 50-60 multiple choice and multiple select questions

Recommended experience: 5+ years of overall database and IT experience, including 2 years of hands-on experience working with Google Cloud database solutions

Professional Cloud Developer

1 Knowledge Area

- Design scalable, available, and reliable cloud-native applications
- Build and test applications
- Deploy applications
- Integrate applications with Google Cloud services

[Cloud Developer](#)

2 Learning Path

<https://partner.cloudskillsboost.google/paths/82>

3 Certification Exam

Recommended Pre-requisites: Cloud Digital Leader / Associate Cloud Engineer

Length: 2 hours

Exam format: 50-60 multiple choice and multiple select questions

Recommended experience: 3+ years of industry experience including 1+ years designing and managing solutions using Google Cloud.

Professional Cloud DevOps Engineer

1 Knowledge Area

- Bootstrap and maintain a Google Cloud organization
- Build and implement CI/CD pipelines for applications and infrastructure
- Apply site reliability engineering practices to applications
- Implement observability practices
- Optimize performance and troubleshoot

[DevOps Engineer](#)

2 Learning Path

<https://partner.cloudskillsboost.google/paths/83>

3 Certification Exam

Recommended Pre-requisites: Associate Cloud Engineer / Professional Cloud Developer

Length: 2 hours

Exam format: 50-60 multiple choice and multiple select questions

Recommended experience: 3+ years of industry experience including 1+ years designing and managing production systems using Google Cloud.

Professional Cloud Security Engineer

1 Knowledge Area

- Configure access.
- Secure communications and establish boundary protection.
- Ensure data protection.
- Manage operations.
- Support compliance requirements.

[Cloud Security Engineer](#)

2 Learning Path

<https://partner.cloudskillsboost.google/paths/79>

3 Certification Exam

Recommended Pre-requisites: Cloud Digital Leader

Length: 2 hours

Exam format: 50-60 multiple choice and multiple select questions

Recommended experience: 3+ years of industry experience including more than 1 year designing and managing solutions using Google Cloud

Professional Cloud Network Engineer

1

Knowledge Area

- Design and plan a Google Cloud network.
- Implement a Virtual Private Cloud network.
- Configure managed network services.
- Implement hybrid network interconnectivity.
- Manage, monitor, and troubleshoot network operations.

[Cloud Network Engineer](#)

2

Learning Path

<https://partner.cloudskillsboost.google/paths/78>

3

Certification Exam

Recommended Pre-requisites: Cloud Digital Leader

Length: 2 hours

Exam format: 50-60 multiple choice and multiple select questions

Recommended experience: 3+ years of industry experience including more than 1 year designing and managing solutions using Google Cloud

Associate Data Practitioner (Launching January 2025)

1 Knowledge Area

- Prepare and ingest data
- Analyze and present data
- Orchestrate data pipelines
- Manage data

[Data Practitioner](#)

2 Learning Path

<https://partner.cloudskillsboost.google/paths/1337>

3 Certification Exam

Recommended Pre-requisites: Cloud Digital Leader

Length: 2 hours

Exam format: 50-60 multiple choice and multiple select questions

Recommended experience: 6+ months of experience working with data on Google Cloud.
